

# Vice Commodore's Report

General Meeting

16 September 2018

The new season has started on a busy and successful note, on land as well as on the water.

The role of Vice Commodore is centred on managing the land based facilities of the Club, particularly the bar.

Trading at the bar has picked up a notch with the start of the sailing season. Gross takings since the start of our financial year in June have been approximately \$7,700.

Our Friday night sessions continue to account for a large proportion of the bar income with about \$5,000 being taken so far, \$400 of which was for the BBQ and nibbles. \$900 was taken during the All Boats Regatta and the balance on Sunday afternoons after club racing.

Many thanks to the members of the team that make the bar happen – Ted, Noel, Paul and Rhonda, and new recruits – Lisa and Rick and Lea.

Russell Witt
