Proposed Boat Storage Policy:

L.C.S.C. Boat Storage Policy.

The club is very fortunate to be able to make boat storage available to members. Due to increased demand for storage, the Executive Committee has reviewed the conditions of storage and to revise and enforce certain requirements, in order to avoid having boats dumped indefinitely.

The current conditions for storage are stated on the application form as follows:

1. Storage is available to financial members of LCSC only. This does not include Social Members.
2. All boats stored on LCSC Inc. premises are stored at the risk of the boat owner.
3. Storage shall be allocated at the discretion of the Boat Housing Officer.
4. The Boat Housing Officer, as directed by the Executive Committee has the power to instruct members not actively involved with the Club to move their boat/s when space is required for active members seeking boat housing.
5. If there is a residual after a boat is relocated, a refund may be given at the discretion of the Executive Committee.
6. Boats stored on the Club Premises if dinghies/cats/OTBs are required to comply with Australian Sailing Special Regulations part 2 and, if a trailer-sailor, to comply with AS Special Regulations Part 1 Category 6

The Executive Committee proposes the additional conditions:

1. Storage will be available primarily for Sailing Vessels. The Executive Committee may permit storage for other boats or vehicles on a temporary basis not exceeding 30 days and not to be extended.
2. The Top Shed will be solely for the use of members regularly involved in club racing.
3. Boats stored in the Top Shed and Yard must be on currently registered and fully functioning trailers.
4. No major repairs or restorations are permitted on club storage premises.
5. The owner of any boat, which has not been used for more than 12 months will be asked to remove the boat. If the boat is not moved after 30 days the Executive may dispose of the boat as they see fit.

C. Morey,
Commodore.
