Note.

All Competitors to take close attention to the Flags being flown by the Start Boat and remember that it is the flags that are the important part of the start sequence.

1. If there are less than 15 boats combined entered in Div. Multi and Mono, then they will be started together, and Div.2 will have a separate start five minutes after Mono & Multi start. (*Code Flags G and F will be flown together)
2. If Mono and Multi Div. have a separate start, Mono shall Start first and Div. 2 will start with Monos (*Code Flag F & E shall be flown together)

*If a mistake is made with the code flags this shall NOT be grounds for redress. Competitors are to make sure they understand the start procedure. This changes Rule 25.3 & 26
